

When it comes to sepsis, remember
IT'S ABOUT TIMETM. Watch for:

TEMPERATURE

higher or lower
than normal

INFECTION

may have signs
and symptoms of
an infection

MENTAL DECLINE

confused, sleepy,
difficult to rouse

EXTREMELY ILL

severe pain,
discomfort,
shortness of breath

If you experience a combination of these symptoms: seek urgent medical care, call 911, or go to the hospital with an advocate. Ask: **“Could it be sepsis?”**
